## IMPORTANT EVENTS

**President George Olson** apologized to **Steve Cairns** for **Marv** not bringing brief case with name tag today. Announced that **Monica** was in hospital with health problem and gave out cards that **Sarah** had brought for us to sign and to be sent to her. He also gave us addresses to send our own communications to her and as promised sent out an email to all with the address detailed. He described the interclub to Pioneer HS Key Club where we gave them thanks for their services at the Crab Feed including a check for \$670 earned for tips. He encouraged us to attend an interclub to Woodland HS Key Club this Thursday for a similar presentation, as well as showing our backing for them to give them a boost for their activities. We will be having Pizza at this affair.

Again he announced the Red and White Ball fundraiser for Kiwanis Family House coming up this Friday. He and Elli will be attending. A future date for our calendars mentioned was the Cal-Nev-Ha Governor's official visit to Region 16 on April 13, which will be another fun night at Raley Field featuring a River Cats game.

**Joseph** brought up the invitation to work with the Village Harvest group to pick oranges. **Clinton** described having picked with them last week end and announced that they have a big project planned for picking 100 trees on Feb. 11 in Winters. They will be meeting at 9:30 at The Graduate in Davis. **Dick** suggested that we should continue our own small scale Kiwanis Club project that we had been doing over the past several years.

## PROGRAM

**President George Olson** delivered today's program which was a Power Point Presentation for a New Member Orientation provided on the Kiwanis International Web site. The orientation gave us information about Kiwanis in general and the organization and goals of Kiwanis International. **George's** presentation filled us in on the benefits and activities of our club and the leadership and service activities of our local Division and the Cal-Nev-Ha District. Since the presentation was intended as an orientation for new members, many of our members primarily got a refresher course in why they joined Kiwanis years ago. They were reminded that they had benefited most by being active in their club: attending meetings, participating in service projects, becoming an officer or committee chair and attending social activities. The presentation included a lot of information about the District activities in particular that all of us learned from. I was able to ask several of our newer members if they learned anything from this New Member Orientation and It was good to hear from newer members they learned more about Kiwanis from it
